MEDIA RELEASE

GOOD NEIGHBOURS LEND A HELPING HAND

Calling all community groups

April 2009

Coles' new-look St Agnes store has already established important ties to the local community through its commitment to providing an exciting range of locally sourced products.

The store has now launched a program to provide financial support to local community, sporting, charity and youth groups in the St Agnes area.

Committed to looking after its neighbours, the 'Coles Good Neighbour Program' will provide $2,000 grants to selected community groups in St Agnes.

Five grants will be available, with one provided each month from May to September.

"If you're part of a community group, school or club in St Agnes and need assistance, whether it's for new sports equipment, holding a fundraising event or simply to assist in the running of your day-to-day local initiatives, then Coles would like to hear from you," store manager Paul Feuerherdt said.

"At Coles, we recognise just how important local groups and clubs are to the community, so this is our way of supporting and thanking them for their contribution," he added.

Coles is encouraging club and group members to send in their nominations. Groups that nominate must articulate how the money will benefit them and the local community.

To apply for a $2,000 grant, visit the Coles St Agnes store on North East Rd to pick up an application form.

Coles St Agnes is located at 1244 North East Rd, and is open from 6.00am to 9.00pm Monday to Friday, 6.00am to 5.00pm Saturday and 11.00am to 5.00pm Sunday.
