* This Key Facts Sheet is a guide only. The examples provided are only some of many conditions, exclusions and limitations specific to the cover listed. You must read the PDS and policy documentation for all information about this policy.

Step 3 Other things to consider

Limits

This policy has restrictions that limit your cover for certain events and items, for example jewellery and watches have a limit of cover of \$1,000 per item and \$5,000 in total. To find out these limits you need to read the PDS and other relevant policy documentation.

Excesses

If you make a claim, the excess is the amount you have to pay for each incident. A number of different excesses may apply in respect to this policy, for example a standard excess, a voluntary excess, a cover outside your home excess and a special excess. You may be able to increase these excesses to lower your premium. For more detail, please read the PDS and other relevant policy documentation.

Legal liability

This policy covers your legal liability when you are found to be legally responsible for damage or personal injury to other people or their property, up to a maximum amount per incident of \$20 million. You should read the PDS carefully to determine the extent of this cover.

Cooling off period

If you decide you don't want this policy within 30 days from the date cover commences, and you haven't made a claim, you can cancel it and receive a refund.

Maximum level of cover offered by insurers

Insurers offer different maximum levels of cover in the event of the loss or destruction of your contents including where:

- you set the maximum level of cover and your payout is limited to that amount.* (*Sum insured*)
- you set the maximum level of cover and the insurer may provide you with some agreed extra cover above that amount (*Sum insured plus safety net*).

* the insurer may provide some cover above this amount.

When working out how much cover you need for your contents you need, ensure that you value your possessions correctly. To do this you could start by listing all your contents and working out how much it would cost to replace them.

A failure to adequately insure your contents for their replacement value may result in underinsurance.

Warning: this Key Facts Sheet sets out some of the conditions, exclusions and limitations in respect to this policy. You should read the PDS and all policy documentation for all the conditions, exclusions and limitations of this policy that limit or exclude cover
