1. Important information

Your contract

Your policy is a contract between you and us and is made up of:

- > your Certificate of Insurance,
- > this Product Disclosure Statement (PDS), and
- > any applicable supplementary PDS (SPDS).

More than one insured

If there is more than one person insured, anything any insured says, does or omits applies to all policy holders. Each insured can act on behalf of all the insureds as their agent.

Certificate of Insurance

A Certificate of Insurance shows your level of cover plus any optional extras you have added to your policy. It also shows the period of insurance your policy covers, which is the period of time you are insured for. We only cover you for incidents that happen during this time.

Receiving your policy documents

You can choose to receive your policy documents:

- > electronically by email, or
- > by post.

If we send your policy documents to you by email, we'll send them to the person and email address you have nominated. Any policy documents we send to this email address will be considered to have been received by you.

If we send your policy documents to you by post, we'll send them to the person and mailing address you have nominated. You are responsible for keeping your contact and policy details up to date.

Credit provider

You must tell us if you have used all or part of your car as security for a loan with a credit provider. Your credit provider may be a bank, credit union or other type of lender. This may also apply if you lease or have a hire purchase agreement on your car.

We'll note your credit provider on your Certificate of Insurance.

Your premium

In return for paying your premium, we provide the cover you have chosen.

For more information about how we work out your premium, see our Car Insurance Premium, Excess & Discounts (PED) Guide. To get a copy of our Car Insurance PED Guide free of charge visit coles.com.au/insurance-information

Paying your premium

Keep in mind, you must pay your premium on time.

You can pay:

- > annually in one full payment, or
- > monthly instalments - via direct debit from your nominated bank account or credit card.

(If you pay your premium via monthly instalments, the total premium may be higher than if you pay one annual payment.)

Your Certificate of Insurance shows the amount you need to pay and the due date for your annual premium or each monthly instalment.

What happens if you don't pay on time

When you take out insurance, you need to pay your annual premium or any monthly instalments by the due date specified on your Certificate of Insurance. If you don't pay on time, we may cancel your policy.

If your annual premium is overdue, we will send you a notice outlining the overdue amount and when it needs to be paid.

If your annual premium remains unpaid after the time period specified in the notice we send, we will:

- > cancel your policy for non-payment; and
- > refuse to pay any claim for an incident occurring after the cancellation date.

If you pay by monthly instalments and your premium is overdue, we will send you a notice outlining the overdue amount and when it needs to be paid.

If your premium remains unpaid after the time period specified in the notice we send, we will:

- > cancel your policy for non-payment, and
- > refuse to pay any claim for an incident occurring after the cancellation date.

If you pay by monthly instalments, we will send you a second notice either before cancellation informing you of the effective date of cancellation, or within 14 days after cancellation confirming the effective date of cancellation.

A monthly instalment is unpaid if it cannot be deducted from your nominated bank account or credit card.

If you need to make a claim when your policy is overdue, and before your policy has been cancelled for non-payment, we will require you to pay the overdue amount as part of the claim settlement process.

Alternatively, where the settlement method allows, we can reduce the settlement payment by the overdue amount.

To make any payments towards your insurance you can visit our online Insurance Service Centre: coles.com.au/insuranceservicecentre or, alternatively you can call us.

Cooling-off

If you change your mind and no longer want this insurance, you can tell us to cancel your policy within 30 days from:

- > the date we commence your policy, or
- > the start date of the period of insurance that applies when you renew your policy.

If you tell us to cancel your policy within the 30 days effective from the start date, we'll refund the premium you paid us in full. However, we will only do that if you haven't made a claim on your policy. You can also cancel your policy as set out in 'Cancellation' in this section (refer to page 4).

Online Self-Service Centre

You can update your policy information, view your documents, payments, lodge and manage a claim at our online Insurance Service Centre: coles.com.au/insuranceservicecentre

Changes to your policy

You may want to make a change to your policy (such as adding optional extras to increase your cover). To make a change to your policy please contact us. An additional premium may apply to the change. You are required to pay the additional premium at the time the changes are made.

If we agree to make the change, we will:

- > notify you if any additional premium applies to the change and require you to pay this amount by the date we tell you in order to make the change,
- > refund any amount we owe you due to the change, and
- > issue you with an updated Certificate of Insurance.

In some cases, when we receive any change in details from you, we may cancel your policy if the change materially increases risk under your policy. If we do, we will notify you of the cancellation.

Cancellation

In addition to your 'Cooling-off rights', you may cancel your policy at any time (for example, if you no longer want your policy).

There may be circumstances where we need to cancel your policy. We'll only do this if we are legally allowed.

Some examples of when we may cancel your policy are if you:

- > failed to answer our questions truthfully and accurately,
- > made a misrepresentation to us before the policy was issued,
- > made a fraudulent claim, or
- > failed to pay your premium by the due date specified on the notice we sent to you when your premium became overdue.

Return premium

If your policy is cancelled and you have paid an annual premium, we'll return any premium you have paid for the period after the cancellation date.

If your policy is cancelled and you are paying your premium in monthly instalments, there will be no return of any part of an instalment you have paid. However, you will not have to pay any instalments which would have become due after the date of cancellation (unless you have a total loss, refer to pages 38 - 39 'If your car is a total loss').

Premium write off

If we owe you a premium of less than \$5, we will not refund this premium. If we need to charge you an additional premium less than \$5, then we'll waive it.

Renewal

When it's time to renew your policy, we'll provide written notice at least 14 days prior to the expiry. We'll do this if we are prepared to renew your policy and provide the renewal date.

If you have chosen an agreed value on your policy, when you renew, the amount will likely reduce due to depreciation.

If we offer to renew your policy, we'll send you an updated Certificate of Insurance and quote a premium based on the information in your current policy. You should review any offer of renewal to ensure the insurance cover is still appropriate for you.

If you paid your last premium by monthly instalments, we'll continue to deduct payments from your nominated account or credit card, and your policy will automatically renew if we offer you a renewal.

If you do not want us to continue to deduct these monthly instalments and automatically renew your policy, please contact us prior to the expiry of your policy.

Assigning rights and appointing a representative

Assigning your rights

You must not assign any benefits, rights or obligations under your policy unless you get our written consent first.

Appointing someone to represent you

If you want to appoint someone to represent you in order to manage your policy or claim, then you need to tell us, and we need to agree that we will deal with them on your behalf. We will not unreasonably withhold our consent. We may have a concern with a party that you may want to appoint if they present a conflict of interest, for example, someone who supplies goods or services for your claim. We will not pay any costs charged by anyone you appoint to represent you.

Your responsibilities

If you don't meet your responsibilities, we may refuse to pay your claim or reduce what we pay for your claim. We may also decide to cancel your policy. The course of action we take when you fail to meet your responsibilities will be considered in each circumstance based on what impact or effect your failure caused or contributed to the claim or our decision to issue your policy.

Notify us of changes

Let us know as soon as reasonably possible if:

- > you change your car covered by this policy,
- > there is any change to where your car is usually kept,
- > there is any change to the way your car is used including but not limited to: business, rideshare, take away food delivery, courier or other deliveries, driving instruction, farming activities, hire or rent, professional motor sports, taxi or people transportation or trade,
- > any drivers of your car have had their licence disqualified, suspended or cancelled,
- > any collisions occur which involve you or any person, who regularly drives your car,
- > you or any drivers of your car have been convicted of fraud,
- > you add any additional accessories to your car or make any conversion, alteration or modification of your car from its manufacturer's specifications, or if the condition of your car changes' such as damage caused from something other than a collision.

Once you've notified us of your change in situation, please be aware that we may charge an additional premium, change your level of cover or even cancel your policy in order to reflect the change in risk and terms upon which we have issued your policy.

If you do not wish to accept our terms, you can cancel your policy.

We also require you to:

- > be truthful and frank in any statement you make in connection with your policy,
- > not behave in a way that is improper, hostile, threatening, abusive or dangerous,
- > ensure that if your car is insured for an agreed value, the agreed value includes any modifications, options and accessories,
- > take reasonable care to avoid a claim being made,
- > do everything reasonable to prevent further loss or damage to any property if an incident happens,
- > take reasonable steps to ensure you or anyone acting on your behalf obeys all relevant laws,

- > not make a fraudulent claim under this policy or any other insurance policy, and
- > follow the conditions of this policy.

It is also your responsibility when allowing anyone else to drive your car that they are 25 years of age or older if you have not chosen to add the optional extra 'Cover for drivers under 25 years old', (refer to page 26).

There are also things you should and should not do if you make a claim under this policy. These are set out in the 'Claims' section (refer to pages 36 - 43). If you breach any of the terms of this policy we may refuse or reduce a claim, cancel your policy or do both. The course of action we take when you breach any of the terms will be considered in each circumstance based on what impact or effect your breach caused or contributed to the claim or our decision to issue your policy.

The claims process

Help us manage your claim

- > Tell us if you think you have a claim as soon as reasonably possible. This is especially important:
 - so that you are not disadvantaged by not complying with your obligations, and
 - if you want to claim under your Comprehensive cover for the cost of emergency accommodation or costs to complete your journey.
- > Tell us everything about the loss or damage so that we can assess your claim. Also tell us about the people involved and anyone you believe was at fault.
- > co-operate fully with us, even if we have already paid your claim, which includes:
 - providing us with information, documents and help we need to deal with your claim (for example, bank statements, invoices or statutory declarations). We

will only request information relevant to handling your claim and will explain why the information, documents and help is required.

- > Pay your excess (if applicable) on time. (Refer to page 43 for details on 'When to pay your excess'.)
- > Tell us if there is any other insurance on your car, trailer, caravan, property or any items covered by this policy.
- > Advise us of any communication you receive in connection with the claim, and of any court proceedings.
- > Tell us about any input tax credits or other amounts you are entitled to, if you are registered for GST.
- > Allow us to inspect your damaged car, trailer, caravan, property or items prior to any repairs, including giving us permission to tow your car to a place or repairer nominated by us, at any reasonable time or place.
- > Allow us to take possession of your damaged car, trailer, caravan, property or items involved in the claim.
- > Cooperate with us. This might include giving evidence in court.
- > Pay to any financier the difference between our claim settlement amount, if we treat your car as a total loss, and the outstanding amount of your instalment plan, sale or leasing agreement.

How we'll help and our parts policy

When you make a claim, we will handle your claim in a fair, transparent and timely manner. If we have accepted your claim, this means that:

If your car has been damaged:

- > We will provide a Lifetime repair guarantee on repairs authorised by us (refer page 40).
- > We may need to inspect your car at any reasonable time or place. If so, we will tell you where you need to take it or arrange to move your car to another repairer at our expense.
- > The most we will pay is the cost of repairs as determined by our assessor or quoted by our partner repairer.
- > If we agree to repair your car then we will use parts suitable for your car's age and condition, as follows:
 - in most circumstances new Original Equipment Manufacturer (OEM) approved parts will be used if your car is under 3 years old,
 - new and/or reusable non-mechanical or reconditioned OEM parts may be used in the following circumstances:
 - » your car is over 3 years old, and
 - » it does not affect the safety or the structural integrity of your car, and
 - » it complies with the applicable Australian Design Rules and the car manufacturer's specifications.
 - » For windscreens, we use parts which are compliant with Australian Design Rules.

- > If we have paid or agreed to pay a claim under this policy and any part for your car is unavailable in Australia, our liability for the cost of freighting that part to Australia will be limited to sea transportation only.
- > We will not pay an international air freight charge or an amount exceeding the manufacturer's list price for any part, unless the charge or amount is incurred with our prior consent.
- > If our partner repairer needs to engage the services of a specific specialist repairer and/or supplier our repairer may sublet some of the repair work.
- > If it is necessary to repair your car to a better condition than it was in before the loss or damage occurred, then we will seek your agreement to those repairs and may ask you to contribute the additional amount to repair it to the better condition.
- > If we decide that the cost of repairs to your car plus the fair salvage value exceeds the fair market value of the car at the time of loss, we will declare it a total loss.
- > We will handle any complaint about the quality or timeliness of the work or conduct of the repairer under 'How to resolve a complaint or dispute' contained within the 'Important information' section of the PDS (page 8).

If your car has been stolen:

- > and has been found, damaged, within 14 days, we will follow the procedure for damaged car, as set out above,
- > and has not been found after 14 days, we will declare it a total loss if we have accepted your claim.

If your car is a total loss:

We will:

- > pay your claim, or
- > replace your car (if eligible under the 'New car replacement after a total loss' Additional benefit (refer to page 22)).

If your car is a total loss and we decide to pay your claim, we will pay you the agreed value or market value (depending on the cover you have selected and shown on your Certificate of Insurance) after deducting:

- > the excess,
- > any unpaid premium,
- > any input tax credit you are entitled to under *A New Tax System (Goods and Services Tax) Act 1999* (Cth), and
- > the unused portions of registration and CTP insurance (if applicable).

If your car is a total loss and we agree to replace your car, we'll settle your claim as set out in the 'New car replacement after a total loss' Additional benefit (refer to page 22) additional benefit.

You will need to pay:

- > the excess,
- > any unpaid premium, and
- > the unused portions of registration and CTP insurance (if applicable).

We will tell you who to pay these amounts to.

You will then need to take out new insurance cover for your replacement car, as our obligations have been met and your policy will be cancelled.

We will retain your damaged car and keep the proceeds of any salvage sale.

If we allow you to keep your damaged car and keep the proceeds of any salvage sale, we will determine the:

- > salvage value of your car, and
- > unexpired portion of the registration and CTP insurance.

We will deduct each of these amounts from our payment to you.

The amount you pay to register your car or for any CTP insurance forms part of your car's value. If we pay your claim, we will deduct any unused registration costs and CTP insurance premium. To get a refund, you may need to contact your relevant motor registration authority or CTP insurer if your car is registered in NSW. In NSW, CTP insurance is also known as a Green Slip.

In order to claim back your unused portion of registration, we will provide our total loss settlement letter, that you can take to your relevant motor registration authority.

Your insurance cover will cease as soon as we accept liability and because we will have met our obligation to you in full:

- > if you have paid an annual premium, we will not return any premium you have paid for the period after the date of insured event, or
- > if you are paying your premium in monthly instalments, there will be no return of any part of an instalment you have paid, and we will deduct any remaining instalments from the amount we pay.

Depending on the level of cover you have, the maximum amount we will pay for a claim under 'Insured events' is:

- > the agreed value of your car and any benefits you are entitled to if you are insured for agreed value, or
- > the market value of your car and any benefits you are entitled to if you are insured for market value.

If you have 'Third Party Property, Fire and Theft' or 'Third Party Property Damage' cover and we accept a claim under the 'Damage caused by uninsured drivers' additional benefit, the most we will pay is up to \$3,000.

When we repair your car

Our National Partner Repair Network

We want to make your car repair process easy, so we have established a National Partner Repair Network. These repairers must meet our high selection standards of repair quality and service.

Using our partner repairers means you don't need to shop around for quotes, and we will guarantee the quality, workmanship and material used in the repair.

Repairing your car – we choose the repairer

If you make a claim and we agree to repair your car, we will arrange for a repairer who is part of our National Partner Repair Network to complete the repairs.

The most we will pay is the cost of repairs as determined by our assessor or quoted by our repairer. The repairs will be authorised by us and completed through our partner repairers, we will guarantee the workmanship and materials of these repairs whilst you are the owner of the car.

We may sublet part of the repairs to another repairer.

If we authorise and paid for a repairer to fix your car. We'll give you a lifetime guarantee on the workmanship of those repairs.

Lifetime repair guarantee

If we authorise repairs through one of our partner repairers, we will guarantee the workmanship and materials on all repairs authorised by us for the life of your car whilst you're the owner.

If you are not satisfied with the repairs and we agree that the repairs require rectification, we will choose to settle your claim under our Lifetime Guarantee through any of these ways:

- > we can arrange the original repairer or one of our partner repairers to repair your car,
- > we can choose to pay you the reasonable cost to repair your car as determined by us. We determine this by looking at a range of factors, including quotes from the original repairer or one of our partner repairers, our nominated repair methods for the type of damage to your car and reports from our assessors, or

- > we can choose to pay you an amount that is equal to the market value of your car. The market value will be determined based on vehicles of the same make, model, engine size, equipment level and paint type, without the defect which is the subject of your lifetime guarantee claim. If we do this, we will keep your car.

Our choice will have regard to the circumstances of your claim and consider any preference you may have.

However, a claim can't be made under our Lifetime Guarantee if:

- > you sold your car,
- > you (or your agent) authorised repairs to your car without our prior consent, and the repair was not completed by one of our partner repairers,
- > you arrange repairs after we cash settle your claim – that is, if we do not authorise repairs,
- > there is loss or damage to or failure of any electrical or mechanical part or component, or
- > there is deterioration or wear and tear caused:
 - over time,
 - by using your car,
 - by exposing your car to the elements – for example, faded or damaged paint from exposure to sun, dirt and/or corrosive materials, or
 - by your failure to maintain your car in good order and repair.

We will decide on how to fix any fault caused by poor workmanship.

For all claims

- > When we settle your claim, we'll reduce the amount we pay by the amount of the excesses shown on your Certificate of Insurance. However, we'll not deduct any excess if you can satisfy us that the collision was the fault of someone else and you have given us the full name and residential address of that person and the registration details of the other vehicle.
- > We'll work with you to consider whether or not the driver of your car is at fault by contributing to the cause of the insured event. We may request additional information – for example witness statements or photographs – and consider any other information including law, bylaws or rules that apply to the claim circumstances.
- > When we settle your claim, we will have regard to the circumstances of your claim and consider any preference you may have.
- > The amount that we pay will include GST. However, if you are entitled to claim any input tax credits for the repair or replacement of your car, we'll reduce any claim settlement by the amount of the input tax credits.

- > The maximum amount that we'll pay is the sum you are insured for.
- > If you are held at fault, and we agree, we'll conduct, defend or settle any action brought by other people.
- > We'll pay the legal costs associated with defending any claim against you, if we have told you so in writing and we have appointed the solicitors who will defend the claim.

When you have a noted credit provider:

- > we treat your car as being under a finance arrangement,
- > we treat any statement, act, omission or claim by you as a statement, act, omission or claim by the credit provider,
- > we may recover any payment either in your name or the credit provider's name.

Payments to the credit provider

If we decide to pay you for a claim on your car that is under a finance arrangement, we'll first pay the credit provider the lower of these amounts after deducting any excess and other deductions that apply:

- > the agreed value or market value (depending on the cover you have selected and is shown on your Certificate of Insurance),
- > the cost of repairing your car,
- > the balance owing to the credit provider under the finance arrangement.

If the credit provider is entitled to the salvage of the car, then we'll deduct the estimated salvage value of the vehicle from any amount that we pay.

However, we'll only pay the credit provider if they:

- > give us any help we ask for. If we make a payment to a credit provider, then that payment discharges our obligation to you under your policy for the amount paid.

If we decide to settle your claim as a total loss, we'll settle the finance directly with your credit provider.

Excesses

An excess is the amount you contribute towards the cost of your claim.

There are 4 types of excesses:

- > Standard excess,
- > Nominated excess,
- > Age excess, and
- > Inexperienced driver excess.

The type of excess you need to pay contribute depends on what your claim relates to. Also, you may need to pay contribute more than one excess.

Your current Certificate of Insurance shows the amount and types of excesses that apply to your policy.

When to pay your excess:

If your need to pay an excess, we may:

- > require you to pay the excess to the repairer when you collect your car, or
- > deduct the excess from any amount we pay to you.

If we request you pay the excess, we will tell you who to pay an may require payment as part of the finalisation of your claim.

You do not need to pay an excess if:

- > we are satisfied that a collision was not your fault and you can give us the full name and residential address of the person who was at fault and the registration number of their vehicle,
- > any damage to your car was not caused by another vehicle and we are satisfied that you are not at fault and you can give us the name and address of the person who is, or
- > your claim is for a first-time broken windscreen or glass in one period of insurance, and you have paid the additional premium for the Optional extra we referred to on page 26.

You will need to pay an excess in all other situations as we will not be able to recover the costs of the loss or damage to your car.

For more information about the excess that may apply to your policy and how we work out your premium, see our Car Insurance Premium, Excess & Discounts (PED) Guide. To get a copy of our Car Insurance PED Guide free of charge visit coles.com.au/insurance-information

Recovery actions

What we can do

When you make a claim under your policy, you agree that we may:

- > take over and conduct in your name the defence or settlement of any claim against you and we'll have sole discretion in how the defence is conducted or a claim is settled,
- > proceed and recover in your name against any party responsible for the loss or damage or liability and you must not do anything which limits our right to do so, and
- > represent you at an inquest or official enquiry.

You must not do anything that prevents us from doing any of these things and you must give us information and cooperation that we reasonably require. See page 36 'Help us manage your claim'.

What you can do

You can only take a recovery action in relation to any loss, damage or liability relating to a matter under this policy if we agree in writing to this. We may not provide consent and we may impose conditions on that consent.

If we don't provide consent, we can at any time take over conduct of, or require you cease, any recovery action taken by you.

Some examples of how we pay claims:

In this section, we outline examples of how we may pay some claims. These examples are illustrative only and any amount we pay for your claim depends on the details that apply to your situation.

Example 1: Repairing your car - Age excess applies

A car that is insured for Comprehensive cover is damaged in an accident whilst being driven by a 20-year old driver, who is determined to be at fault. The policy has the Cover for drivers under 25 years old Optional extra, added.

The nominated excess is \$850 and the age excess is \$800, so total excess payable by you is \$1,650.

Steps of the claim:

After contacting us to lodge the claim, we ask you to take your car to our preferred repairer and we assess the cost of repairs to be \$4,000 (inclusive of GST).

Our preferred repairer fixes your car and we advise that you need to pay your total excess of \$1,650 directly to the repairer when you collect your car. We settle the balance of the repair costs directly with the repairer.

Example 2: Your liability (cost) to a third-party when you have Comprehensive cover

A car that is insured for Comprehensive cover is damaged in an accident, whilst being driven by a 42-year old driver, who is determined to be at fault.

The nominated excess is \$2,100 and there is no age or inexperienced excess applicable.

Steps of the claim:

After contacting us to lodge the claim, we ask you to take your car to our preferred repairer and we assess the cost of repairs to be \$3,000 (inclusive of GST).

Our preferred repairer fixes your car and we advise that you need to pay your total excess of \$2,100 directly to the repairer when you collect your car.

We settle the balance of the repair costs directly with the repairer.

The other party's insurance company contacts us and we assess the claim and pay them the appropriate value to cover damage to their car.

Example 3:

Your car is a total loss when you have Comprehensive cover

A car that is insured for Comprehensive cover is damaged in an accident whilst being driven by a 52-year old driver, who is determined to be at fault.

We determine the car's market value at the time of the accident is \$25,000. The nominated excess is \$1,100 and there is no age or inexperienced excess applicable. The policy premium has been paid annually. The car has \$500 worth of unexpired registration remaining.

Steps of the claim:

After contacting us to lodge the claim, we ask you to take your car to our preferred repairer. We assess your car and find that your car has sustained unrepairable damage and our assessor deems it a total loss.

We calculate a settlement payment of the total loss as below:

- > \$25,000 (your cars' fair market value at the time of the accident),
- > less the nominated excess of \$1,100 (The total excess you are required to pay towards the claim),
- > less the unexpired registration of \$500*.
- > We provide you a settlement payment of the amount \$23,400.
- > We will give you a total loss settlement letter so that you can contact your Road Traffic Authority and/or CTP provider and request a refund of the unexpired registration (*except if you are registered in QLD where we can claim on your behalf).
- > We retain the salvage vehicle and your policy is cancelled as a total loss.

There isn't any refund of policy premium (and if the policy was paid monthly, we will make an adjustment of the remaining premium instalments due to us in the settlement payment).
