

On the back of your Coles Little Shop mini Gift Card is a **QR code** you can scan to unlock an exclusive offer.

How to scan the QR Code

1

Use your camera app

Apple iPhones on iOS 12 and later, and some Android devices, are capable of reading QR codes direct from the camera.

2

View the QR code through your camera viewfinder

After a few seconds, a message should appear with a link to the promotion page. Click on the link to continue.

3

No link? Download the app.

If you didn't get the link, it's possible your camera doesn't support QR codes. No problem at all. Simply download any **QR Reader** from the App Store or Google Play and follow the instructions.
